

Integra II

Bonaire Integra®II. The Premium Choice

The Bonaire Integra II has many of the features of the Bonaire Pinnacle, utilising the same stylish cabinet design, Bonaire Humidity Management System, 120mm Filtercool® filter pads and advanced Bonaire Aerowing® fan. Bonaire Integra II also comes with Bonaire PreCool® and Pad Clean functions.

Techdrive® Motor Technology

The specifically developed motor is designed to run quietly. The motor windings are triple coated to ensure durability and longevity of the cooler operation.

Bonaire H2Optimiser®

This clever device is designed to manage the water quality in your cooler by minimising water usage whilst still ensuring that the system has the correct amount of water to guarantee efficient operation and limit potential damage from excessive calcium build up.

Humidity Management System

The Bonaire Humidity Management System allows for automatic air-moisture control of the cooled environment tailored to your household needs. Once this option is selected, the Bonaire Integra II adjusts the Water Management System for low, medium and high ambient humidity conditions to optimise comfort level.

The Enviroseal® Duct Shutter

Available as standard on both Bonaire Pinnacle and Bonaire Integra II, during the months when your unit is not in use. Bonaire's Enviroseal duct shutter keeps warm air in and draughts out. It's fully automatic and fits into the duct of your evaporative cooling system. Installation of the Bonaire Enviroseal contributes to bushfire protection as it is compliant with AS 3959-2009 up to BAL29.

Warranty

The Bonaire Integra II come with a 5 year parts and labour domestic warranty.

Both the cabinet and parts are also covered by extensive warranties. Ask your Bonaire dealers about the extended 7 year warranty option.

Note: Domestic warranty only. Unit warranty for commercial applications is one year parts and labour. For further information on warranty terms and conditions please refer to Bonaire's warranty information booklet.

Bonaire Integra and Bonaire Pinnacle colours.

Bonaire Integra II Unit Specifications

Models	Motor Size	Height	Height	Width	Dry Weight	Dropper Size
		Front	Back			
	Watts	(mm)	(mm)	(mm)	(kg)	(mm)
VSS55	600	683	573	1192	61	550 x 550
VSM65	950	790	681	1192	65	550 x 550
VSL75	950	1047	937	1192	80	550 x 550

Unit Sizing and Performance

All evaporative air conditioners vary in performance according to the architectural features of a home and different climatic conditions in Australia. The Australian Standard AS2913-2000 for Evaporative air conditioning equipment (Standard), Appendix A, provides a method by which cooling performance of evaporative air conditioner systems can be calculated. However, this Calculation of Rated Cooling Performance, is not an integral part of the Standard and is an "informative" appendix for information and guidance only.

Bonaire has adopted an alternative method by which it calculates the performance of evaporative air conditioning systems than that provided in the Standard for information and guidance purposes, and recommends using the Bonres® Unit Selection Guide as the only reliable method of determining the cooling capacity of a Bonaire unit in your home.
